Team Load-Out: ***Due to construction in the area, these directions are different than 2017.**

The DECC will be busy with events on your last day of competition. For a safe and efficient load-out, we ask that you adhere to the following Load-Out Instructions.

Load Out

- Load-out will occur in the DECC Parking Lot at Garage Door 9. Line up at this door when ready to load-out.
- When available, teams and busses will also be directed to Garage Door 6.
- Harbor Drive will be closed to thru-traffic to make this safe and easy.
- Only Robotics team vehicles will be allowed on this road.
- Due to construction, there will be NO load-out at Door 7.
- Please keep in close contact with your driver to coordinate your load out location and time.
- Team vehicles are not allowed to pull up to the doors until your team is at the front of the line to move out.
- If your team plans on moving out before the end of the competition, you must use Door 9.

Please see attached maps.
